I #WorkRight so I can still play footy with my mates when I'm old

I #WorkRight so I don't get occupational asthma and miss out on life

I #WorkRight because I want to look after my kids, not have them look after me

I #WorkRight because I want to enjoy my retirement

I #WorkRight so I don't die young

I #WorkRight so I don't die young and miss out on my kids growing up

I know the risks, plan my work and use the right controls.

I #WorkRight
